Before autumn Admiral Evans will have a fleet of sixteen battleships, which will be the largest fleet of effective vessels ever assembled at one time by the United States. A new feature is to be introduced in the maneuvers this summer, and the ships are to practice evolutions without signals, in order to meet emergencies in battle when, owing to smoke or when signal apparatus has been shot away, signals can no longer be given.

Standard Oil Acquisitions in 1882 Subject of His Inquisitorial Attention.

Findlay, O., July 6.—Prosecutor David, of Hancock county, filed information today in the probate court, against the Standard Oil company and John D. Rockefeller.

The information alleges that in 1882 Rockefeller combined individual partnership corporations into the Standard Oil company.

The purpose of this company, the information asserts, was to monopolize the production, sale and transportation of crude petroleum and its by products.

This, it is alleged, was a conspiracy against trade, and a violation of the anti-trust law.

Since July 6, 1900, the information declares, and at all times since, the Standard Oil company has been operating in this county through subsidiary companies known as the Buckeye Pipe Line company and the Manhattan Oil company.

TO INVESTIGATE ARMY CONDITIONS

Czar Orders the Grand Duke to Proceed.

Prince Is Relieved From Command and Two Generals Dismissed in Disgrace.

DISORDERS ARE EXTENDING

St. Petersburg, July 6.—Emperor Nicholas has taken the almost unprecedented step of publicly directing Grand Duke Nicholas Nikolaievich, commander of the forces in the military district of St. Petersburg, to investigate and take measures to stop the disorders relieving Prince Vasilevich, commander of the guard corps, from duty and dismissing in disgrace Gen. Ozeroff, commander of the first guard division, and Gen. Gaden, commander of the Preobrajensky regiment, the first battalion of which was recently disgraced for expressing sympathy with parliament and protesting against doing police duty.

All attempts to purge the army of the spirit of disloyalty, now that it has invaded the hampered regiments of the guard, will, however, probably prove futile.

Disorders Are Extending.
A further extension of the agrarian disorders, accompanied by the burning of a man or house, is reported to-day from the provinces of Penza, Kamenetz-Podolsk and Poltava, and the districts of Bogoroditsk and at Karsk. INTO CAR

HORSE BACKED VEHICLE WHEN ROMAN CANDLE EXPLODED.

Thoughtless Fellow Nearly Caused a Tragedy on Broadway Night of the Fourth.

D. W. Coons, secretary of the Commercial club, was seeking for the "fool killer" the night of July Fourth to assist him in getting even with a fellow, who frightened his horse with a roman candle, and endangered the lives of Secretary Coons, Mrs. Coons and a friend, who was riding with them.

They had been to Maxon's Mill and were returning about 8:30 o'clock, when on Broadway they turned out to permit a street car and trailers to pass. Just as the motor car reached the carriage some fellow on the running board began firing colored balls of fire from a roman candle directly at the horse, which was no more than three feet from the car.

The animal plunged and reared, backing the vehicle into the car, which fortunately was proceeding slowly. The rear wheel was crushed, but the occupants maintained their seats and, after a brief struggle, during which the horse managed to get on the sidewalk, Secretary Coons succeeded in getting the horse under control.

At its conclusion Judge Olcott said he wished to add his own denial to that of Assistant District Attorney Garvan, with reference to the story of the affidavit alleged to have been made by Mrs. Thaw in a contemplated suit against Thaw previous to their marriage.

"You can't make the denial of that story too strong, too positive," said Judge Olcott. "No such affidavit exists, nor was any such suit instituted, or even contemplated. The story is an absolute lie, manufactured out of whole cloth by some enemy of Harry Thaw."

CAIRO FANS EQUAL TO THE EMERGENCY

They are Coming to Rescue of Their Franchise.

Manager McCarthy, Not Sportman, Fines Players Amount of Their Salaries.

MEN PROMISE TO HOLD ON.

"Cairo will continue. Trouble adjusted O. K." This is the text of a message received by Capt. Lloyd of the Paducah team from President C. C. Gosnell, of the Kitty league, today.

Daniel McCarthy, the "Coal Baron" manager of the Cairo Kitty league baseball team yesterday exhibited the "yellow streak" and a committee of desperate fans is looking for him today. Incidentally it might be remarked that should he be happened upon before the fans' injured feelings are soothed it might mean "more work for the undertaker."

McCarthy yesterday exposed a scheme which he probably had been working out for many days. It was sprung upon an unsuspecting public with such a suddenness that it took everybody's breath away. It was a master stroke and McCarthy deserves credit for this much of it.

McCarthy yesterday fined every member of the Cairo baseball team \$100 for indifferent playing, and then handed them their releases. Each had salary coming to him, but this is retained by the manager as part payment for the fines imposed. It was an exhibition of "get-rich-quick" planning, but the team is sticking and it may not mean that Cairo will be out of the league. The game yesterday was forfeited to the Mattoon team because the released players would not work when they did not know where their money was coming from. A meeting was quickly called by the directors of the association, Guy Eichenberger made temporary manager, and the work of raising subscriptions started. It is now "up to the fans," as the Bulletin states it, to keep the town in the league. Fifteen hundred dollars will tide the association over for the remainder of the season, and it will doubtless be raised without any trouble. Such a thing as Cairo falling out of the league is an absurdity.

Cairo and Paducah were the last to turn loose in the Central league of 1897 and when Cairo quits it is time for them all to get down and out. McCarthy had entire control of the Cairo team. In fact he was sole owner and was to "win all or lose all." The association bound the team to him last season. He was to receive all the income from the games, all commissions for players sold, and was to stand all expenses. He was to give Cairo a baseball team and keep the sport alive. If he made a fortune, all right but if he lost it was his own lookout as he made the proposition.

McCarthy, in adopting these tactics, has become vastly unpopular in Cairo as he will elsewhere. He left Cairo soon after taking this action and has not been heard from since. The players, with the exception of Pitcher Morgan, all remained and will sign up again and remain if the management assures salaries. Steps are being taken to secure the money owed the players by McCarthy.

Cairo has been losing of late, dropping from first to third place but it is because of a slump and not indifference playing. The fact that this misfortune has come to Cairo is to be regretted, and it is hoped the sister city will make up the necessary money and finish the season. Otherwise it may mean that Paducah and Cairo will both step down and out.

Perry Green in Vincennes heard of Cairo's misfortune yesterday through a telegram to President C. C. Gosnell. He has several squibs in his dope in the Capital and seems to glory in the downfall of Cairo, but for the sake of the league he should hold it up. The fans are not responsible for McCarthy's action, and had they had an inkling of it, would have taken the team from him and kept it going.

President Gosnell has wired East St. Louis asking if it wants to take the Cairo franchise in event Cairo does not stick.

CHALLENGE ACCEPTED.
Number of Sports Think They Can Outshoot Ex-Sheriff Potter.

L. D. Potter, ex-sheriff, who yesterday issued a challenge to all rifle and pistol marksmen in the county, has already received numerous answers, and will have his hands full if he accepts them all. Members of the Paducah Rifle and Pistol club jumped at the chance to get into the match, and this morning Fred McGreary accepted the challenge at 300 yards with rifle. Charles Grate wants to go 100 yards with rifle and John Vickery 50 yards with pistol. Thomas Bennett, Jack Probus or Thomas Housman will arrange for a go with the ex-sheriff for 100 yards with a pistol.

Thomas Not Indicted.
The grand jury at Mayfield has adjourned after returning a total of 73 indictments. It failed to indict Paducah man Will Thomas for killing Henry Cooley.
